

Pre Procedure Instructions For VenaCure Patients

Drink plenty of fluids and eat a small meal before coming to the office. Fasting is not necessary since you will not receive general anesthesia. Take your regular medication unless instructed otherwise.

Shower before your visit, as you will be unable to shower for 24 hours after the procedure due to compression stockings or ace wrap on your leg.

Do not apply any type of moisturizer to your leg on the day of the procedure.

Wear loose comfortable clothes.

Obtain compression stockings for use after the procedure as prescribed.

Bring any prescription medication prescribed by us with you to your appointment.
